

# Brewer

## Brewer Eco-Series

### LED Lighting

#### LED Lighting: A brighter idea in exam room lighting

- Eco-friendly LED light consumes significantly less energy than halogens
- Long-life bulb (Approx. 50,000 hours) offers lower cost of ownership
- Cooler to the touch for enhanced safety

#### Eco-Series: A brilliant combination of performance & value

- Provides an industry-best large, bright working surface to drive clinical efficiency
- Easy-to-manuever 23" gooseneck for precise, versatile positioning
- Design allows for easy, screw-in bulb replacement
- Beige color compliments Brewer's full product line of exam tables
- Mobile five-caster base available

#### Brewer: Continuing to outshine the rest

- Built to Brewer's rigorous quality standards
- Designed with leading-edge safety and performance in mind
- Standard one year warranty for maximum peace of mind
